

An important message from the OBVMC Executive

Covid – 19 Club Update

Greetings everyone,

We welcome home all of our members who were away and are glad that each of you has made it back.

There is only one member we are aware of who is still away and he is due to fly home today.

As the virus is taking hold of our Province and Country I am sure each and every one of us has our own concerns and opinions.

The provincial and federal governments have enacted policies to combat the spread of the virus and we are all subject to the conditions and guidelines set out for us.

Restaurants, health clubs, community halls, bars are all now closed to the public.

With that in mind, the upcoming breakfast and the AGM must be postponed until further notice.

We are a social people and we could all use a smile and a pick me up so you are encouraged to use the Facebook page as a virtual gathering place.

Please remember to use proper etiquette when posting to the main page.

Inappropriate or offensive posts will be removed.

The riding season is almost upon us and we should all be able to maintain safe isolation distances and still get in some riding.

Stay Safe and healthy everyone. We will get together as soon as we are able.
